

Instructions for All Applicants

In order to complete a full application, you must download and complete the following forms:

- Application Form
- Availability Form
- Equal opportunities Form

Any application received without all these forms completed will be considered incomplete and will immediately be rejected.

The availability form should be completed for the area in which you are applying to work. The availability forms contain all the areas in which we have contracts, if there is not an availability form that covers your area, then we do not cover it, so there is little point in completing the forms.

All forms should be completed by Hand.

Please answer all questions fully, with particular regard to any gaps in your education or employment.

In accordance with Safer Recruitment Practices, we will request two references prior to inviting you for an interview

If you are successful in the application process, you will be required to undertake an enhanced CRB, at a cost of £43.70, which is payable by you.

Please send in a copy of a passport / driving licence, a passport sized photograph and a utility bill from within the last 3 months with your application.
